

Material Safety Data Sheet According to Regulation (EC) No. 1272/2008
Revision Date: 15.4.2015 - Printing date: 11.3.2021

1. Identification of the mixture and of the company

Label name :

MouseShield

Application :

Proofing paste. Seals cracks, seams and holes to prevent ingress from rodents.

Producer :

MakeSafe Internationa
Aphroditestraat 85
5047 TW Tilburg
+31 (0) 135717204

Emergency tel. No. :

In case of emergency, call your supplier.

2. Hazards identification

Classification substance:

Not a hazardous substance according to Regulation (EC) No. 1272.2008.

Label elements:

Does not need to be labeled in accordance with EC directives.

3. Composition/information on ingredients

No components need to be disclosed according to the applicable regulations.

4. First aid measures

General:

Seek medical attention when symptoms occur, or in any case of any doubt.

Inhaled:

No first aid required

Swallowed:

Do not induce vomiting. Give person plenty to drink and keep person under surveillance. If feeling unwell, seek medical advice. Never give anything by mouth to an unconscious person.

Eye contact:

Remove any contact lenses. Rinse immediately with plenty of water (preferably using eye wash equipment) at least for 10 minutes. Make sure to flush the upper and lower eyelids. If irritation persists, seek medical attention.

Skin contact:

No first aid required.

5. Firefighting measures

Extinguishing media:

Extinguish with powder, foam, or carbon dioxide. Use water or water mist to cool non-ignited stock.

Special hazards arising from the mixture:

No data available

Advise for firefighters:

Firefighters should wear suitable clothing and a self-contained breathing apparatus.

Further information:

In case of fire, isolate area by removing people from the incident. Use water or water mist in order to prevent spreading.

6. Accidental release measures

Personal precautions:

Remove ignition-sources. Avoid eye- and skin contact.

Environmental precautions:

Contain spill to reuse or transfer to suitable waste containers.

Do not dispose in sewerage, open water or soil. Dispose as household waste.

Methods and materials for containment and cleaning up:

Cleaning should be done with cleaning detergent. Solvent should be avoided. Beware of exothermic reactions when diluted.

Reference to other sections:

Section 7: Handling and storage.

7 Handling and storage

Precautions for safe handling:

Use personal protection (section 8). No special technical measures needed. Comply with safety regulations at work.

Conditions for safe storage, incl. any incompatibilities:

There are no special storage requirements. Keep away from children, animals, food and ignition sources. Smoking and unauthorized personnel are prohibited. Product should always be kept in containers of the same material as the original.

8. Exposure controls/personal protection

Control parameters:

None.

Precautions for use:

Application takes place under adequate ventilation. Wash hands before breaks and after use. Do not eat, drink or smoke during use. Water and detergent should be available for use. Contaminated tools should be cleaned regularly.

Eye/face protection:

Not required.

Skin protection:

Wear suitable protective clothing.

Material Safety Data Sheet According to Regulation (EC) No. 1272/2008
Revision Date: 15.4.2015 - Printing date: 11.3.2021

Hand protection:

Use protective gloves.

Respiratory protection:

Not required.

[9. Physical and chemical properties](#)

Appearance: Paste

Odor: Typical natural oil

Temperature of ignition : 300°C

Density (at 20 °C) : Not determined

Viscosity (at 20 °C) : Not available (high thixotropic product)

Vapor pressure : Not determined

Boiling point : Not determined

Lower explosion limit : Not determined

Melting point : Not determined

pH level : Not determined

Solubility in water : Not soluble

[10. Stability and reactivity](#)

Stable under recommended storage conditions (section 7 and 8).

[11. Toxicological information](#)

To the best of our knowledge, this product does not contain pesticides. Therefore does not require classification regarding health risks.

Not to be used for consumption.

[12. Ecological information](#)

To the best of our knowledge, this product should cause no harmful effects on the environment.

[13. Disposal considerations](#)

Product:

Treat as household waste, unless local regulations set special requirements.

Contaminated packaging:

Treat as household waste, unless local regulations set special requirements.

[14. Transport information](#)

UN number:

-

UN proper shipping name:

Not classified as dangerous goods.

Transport hazard class(es):

-

Packaging group:

-

Environmental hazards:

-

Special precautions for user:

-

[15. Regulatory information](#)

This safety datasheet complies with the requirements of Regulation (EC) No. 1272/2008.

Safety, health and environmental regulations/legislation specific for the mixture:

No data available.

Chemical Safety Assessment:

For this product a chemical safety assessment was not carried out.

P-phrases:

P102: keep out of reach of children.

[16. Other information](#)

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product in regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. The supplier shall not be held liable for any damage resulting from handling or from contact with the above product.
